7 APRIL 2024

14:00 - 18:00

EEMWEG 110B EEMNES

06 14 14 73 94

The process OF CRAFTING POTS INVOLVES A THOUGHTFUL SEQUENCE OF STEPS

STEP
1

THE CLAY IS MOLDED AND TAPPED INTO SHAPE

STEP
2

EVERY DAY THERE IS A PROGRESS OF 5 CM PER POT

STEP
3

WHEN THE DESIRED FORM IS ACHIEVED, A NATURAL DRYING PROCESS OF 5 DAYS IS REQUIRED

STEP
4

A 4 HOUR FIRING AT 750 DEGREES TURNS CLAY INTO DURABLE TERRACOTTA OR BISCUIT

STEP
5

THE FINISHING TOUCH IS ADDING A VIBRANT COLOR THROUGH A STAIN GLAZE. THE JARS ARE BAKED FOR 8 HOURS AT 985 DEGREES.

FINAL
STEP

FINISHED! OUR FIRST M.G.M POTS COLLECTION IS READY TO SHIP!
